Tom Anderson (920-588-0495) stopped in the office to request the City to paint lane use arrows on the pavement on Division St. and S. 10th St.

I have attached a photo showing his request. He would like there to be a separate left turn lane and then a combination thru lane arrow and right turn arrow.

If approved, this request would also require that we eliminate parking on the south side of Division St. for the first 50 feet west of S. 10th St.

Therefore, I am requesting this issue to be put on the August 12th Public Safety Committee Agenda.
Thanks.
