Follow Up Flag: Follow up
Flag Status: Flagged

I spoke with James today at 2:10. He thought he owned to the C.L. of street in which I told him he owns to the back of the sidewalk. He still not like the idea the flare is past the extended lot line. He doesn't like the neighbor to the north or 1313 N. 10th.

Your call.

Greg,

Irv Seiler called stating he is planning to widen the driveway approach at 1313 N 10th. The new approach flare will extend over the property line extended by 2.5 feet.

Irv would like an answer next week.

Your call.

James Leise, 920-901-5311, residing at 1309 N. 10th Street, stated that his neighbor, to the north (1313), has drawn lines in the terrace area showing how he is planning on widening his driveway. However, the lines are on 1309's property.

Can you please take a look into this and see if we need to be contacting this neighbor about the plans of widening the driveway.

Thank you,

Lynn
