**2014 SMALL URBAN OPERATING ASSISTANCE GRANT AGREEMENT
BETWEEN THE
STATE OF WISCONSIN
AND THE
CITY OF MANITOWOC**

This Grant Agreement is made by and between the State of Wisconsin, Department of Transportation, hereinafter referred to as "Department," and the City of Manitowoc, hereinafter referred to as "Recipient."

PRELIMINARY STATEMENT

The Department is authorized by sections 85.20 (3)(d) and 85.23, Wisconsin Statutes, to administer the Federal Small Urban and Rural Public Transportation Program authorized under 49 USC §5311 (CFDA 20.509). The purpose of this program is to promote the general public good by providing financial assistance to surface public transportation systems operating in areas other than urbanized areas. The Recipient has requested funds to assist in financing the operating project costs (hereinafter referred to as "operating deficit") of the public transportation service for the period January 1, 2014 through December 31, 2014. The Department agrees to provide financial assistance with program monies made available under 49 USC §5311, in accordance with the terms and conditions of this Grant Agreement, and the provisions of the Recipient's 2014 application for operating assistance, which is made part of this Grant Agreement by reference.

In consideration of the reciprocal promises expressed in this Grant Agreement, the Department and the Recipient mutually agree as follows:

Article I: Payment by the Department

- A. Payment under the terms of this Grant Agreement is based on 49 USC §5311, as amended, and in the Wisconsin Administrative Code, Chapter TRANS 6, which specify that operating assistance grants may not exceed fifty percent (50%) of the operating deficit.

- B. The Department agrees to pay the Recipient **\$925,634**, the federal share of sixty-five percent (65%) of the transit system's audited operating expenses or the non-state share of the federal project deficit, whichever sum is less. Operating expenses are determined in accordance with Wisconsin Administrative Code, Chapter TRANS 6, and the cost principles published at 48 CFR 31, Federal Acquisition Regulations, which apply specifically to the recipient, subrecipients, and contractor's expenses to operate the Transit System for the period January 1, 2014 through December 31, 2014. Although 48 CFR 31.205-1, Federal Acquisition Regulations, does not generally recognize advertising as an allowable cost, the nature of transit service requires its promotion to be successful and effective. Consequently, advertising is specifically allowed as an operating expense for subrecipients and contractors under this Grant Agreement.

FOR THE PURPOSE OF REQUISITIONING SECTION 5311 OPERATING ASSISTANCE QUARTERLY PAYMENTS, THE RECIPIENT WILL USE FIFTY PERCENT (50.0%) OF THE OPERATING DEFICIT.

- C. Where the project service is provided by a private transportation provider, the Department agrees to recognize a management fee of \$0.00 as a fixed fee and eligible project expense. When the project service is provided for a period less than the Grant Agreement period, the fixed fees shall be prorated on the basis of days of operation.
- D. Consistent with Articles III.B and II.E and notwithstanding the above provisions of this article and in particular notwithstanding paragraph B of this article and also notwithstanding Article III.A, the Department may reduce the payments otherwise due under paragraph B of this article. The Department, however, under this paragraph, may reduce those payments only by an amount equal to any overpayments made to Recipient under this Grant Agreement or under any prior operating assistance Grant Agreement. The Department may determine the amount of any such overpayment by conducting an audit under Article V. If the Department finds an overpayment, the Department may thereafter set off that overpayment against the amount payable to Recipient under paragraph B of this article until the amount payable under paragraph B of this article equals the overpayment. Hence, until total payment due under paragraph B of this article equals the overpayment, no payments under paragraph B of this article shall be made; after total payment due under paragraph B of this article exceeds the overpayment, then that portion of the total payment due under paragraph B that exceeds the overpayment shall be paid to Recipient.

Article II: Responsibility of Recipient

- A. The Recipient agrees to pay all expenses of the public transportation service as its bills become due. The Recipient also agrees to provide the share of project operating deficit required by 49 USC §1614(e). If the Recipient contracts for public transportation service with a privately owned company, the Recipient shall pay the privately owned company in accordance with actual monthly operating deficit. Such agreement shall be covered in the Grant Agreement referred to in Article XXVII. The Recipient may reduce payments to the privately owned company by an amount equal to any overpayments made to the privately owned company under this Grant Agreement or under any prior operating assistance Grant Agreement.
- B. The Recipient shall maintain a system of accounting controls to identify, segregate, allocate, and safeguard allowable operating expenses and revenues for the Transit System. The recipient shall also insure that all subrecipients and contractors comply with this requirement.
- C. The Recipient assures that the Transit System will determine "revenue passenger trips" taken during calendar year 2014 in accordance with procedures defined in the Wisconsin Administrative Code, Chapter TRANS 3 and with the provisions of the Transit Management Plan contained in the Recipient's 2014 application for operating assistance which is made part of this Grant Agreement by reference.
- D. This Grant Agreement shall be in effect from January 1, 2014 through December 31, 2014,

and payments will be based on services provided in that time period.

- E. The Recipient assures that the Transit System will file Quarterly Transit Operational reports and other special reports as may be required by the Department. The Recipient assures that all reports will be submitted in a manner and form prescribed by the Department.
- F. The Recipient assures that if other local public bodies contribute assistance to the operation of the Transit System, the federal aids received by the Recipient under this Grant Agreement shall be allocated among the contributors in proportion to their contributions.
- G. The Recipient acknowledges that the Master Agreement between the State of Wisconsin and the Federal Transit Administration contains all required clauses that should be included in agreement between the State of Wisconsin and the Recipient and said Master Agreement is therefore included in this agreement by reference.

Article III: State Disbursements

- A. Payment by the Department to the Recipient shall be made upon submittal of quarterly requisitions by the Recipient and approval by WisDOT.
- B. If the Department's audit establishes that payment to the Recipient under the terms of this Grant Agreement has exceeded the allowable maximum as defined in Article I.B, the Recipient shall refund to the Department upon demand a sum sufficient to reduce the payment to comply with Article I.B of this Grant Agreement and with Chapter TRANS 6, Wisconsin Administrative Code.
- C. WISDOT may withhold any and all payments due and owing the Recipient if the Recipient or the Transit System has not filed any report required under Article II.D, until such time as the report is filed in the manner and form prescribed.

Article IV: Labor Protection

The Recipient agrees that it will comply with the terms and conditions of the Special Section 5333(b) Warranty for Application (formerly known as Section 13(c)) to the Small Urban and Rural Program as promulgated by the U.S. Department of Labor. The recipient further agrees that it will assume all legal and financial responsibility relative to compliance with the terms and conditions of the Warranty.

Article V: Accounting Records and Department Audits

- A. The Recipient shall have a single, organization-wide financial and compliance audit performed by a qualified independent auditor if required to do so under federal law and regulations. (See federal OMB Circular No. A-133 and the provisions of OMB A-133 Compliance Supplement dated March 2002.)
- B. This audit shall be performed in accordance with federal Circular A-133 issued by the federal Office of Management and Budget (OMB), its Compliance Supplement, and state

single audit guidelines issued by the Wisconsin Department of Administration (DOA).

- C. The Recipient, subrecipients, contractors, subcontractors, and their affiliates shall maintain all documents and evidence pertaining to revenues, expenses, and cost allocations related to the Transit System for inspection by WisDOT or its designee during normal business hours in their respective offices for a period of three years following final contract payment. The recipient shall be responsible for insuring the compliance of all subrecipients, contractors, and affiliates with this provision.
- D. The Recipient shall permit the Department, the Comptroller General of the United States, and the Secretary of the U.S. Department of Transportation, or their authorized representatives, access to inspect all vehicles, facilities, and equipment acquired or used as part of the project; all transportation services rendered by the Recipient by the use of such vehicles, facilities, and equipment; and all relevant project data, documents, and records. The Recipient shall also permit the above-named persons access to audit the books, records, and accounts of the Recipient pertaining to the project.

Article VI: Privacy Act

The recipient agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 USC § 552a. Among other things, the recipient agrees to obtain the express consent of the Federal Government before the recipient or its employees operate a system of records on behalf of the Federal Government. The recipient understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

The recipient also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal Assistance provided by FTA.

Article VII: Notification of Federal Participation

The recipient must include the following notification language of federal participation in all its requests for proposals, solicitations, contracts, press releases, brochures, web site, or other publications, etc. funded under this grant:

“This project is expected to have up to 50% of the operating deficit provided by the Federal Transit Administration under 49 USC §5311 (CFDA 20.509).”

Article VIII: Arbitration

Any claim, counterclaim or dispute arising out of or relating to this Grant Agreement may, by mutual consent, be submitted to arbitration, if the parties mutually agree, or in a court of competent jurisdiction within the State of Wisconsin.

Article IX: Applicable Law

This Grant Agreement shall be governed under the laws of the State of Wisconsin. The Recipient shall at all times comply with and observe all federal and state laws, local laws, ordinances, and regulations which are in effect during the period of this Grant Agreement and which in any manner affect the work or its conduct.

Article X: Safety Requirements

All materials, equipment, and supplies acquired through this Grant Agreement by the Recipient, must comply fully with all safety requirements as set forth in law or rule by the State of Wisconsin, and all applicable OSHA Standards.

Article XI: System Management

- A. The Recipient agrees that the Transit System will be managed and operated in accordance with the provisions of the Transit Management Plan contained in the Recipient's 2014 application for operating assistance and that the full application is made part of this Grant Agreement by reference. Modifications to the 2014 Transit Management Plan may be proposed by either the Recipient or the Department.
- B. A request by the Recipient to modify the 2014 Transit Management Plan must be submitted in writing to the Department in a manner prescribed by the Department, and must be received by the Department at least 14 calendar days prior to the planned implementation date of the proposed change.
- C. If the Department determines that a proposed modification is a "substantive change" to the 2014 Transit Management Plan, and if the Administrator of the Division of Transportation Investment Management approves such a "substantive change," the Department shall prepare an amendment to this Grant Agreement and forward it to the Recipient for execution. The Recipient shall not implement a proposed "substantive change" to the 2014 Transit Management Plan until an appropriate amendment to this Grant Agreement has been executed by both the Recipient and the Administrator.
- D. If the Department determines that a proposed modification to the 2014 Transit Management Plan is a "non-substantive change," the Department shall authorize the Recipient to implement the change, and a formal amendment to this Grant Agreement shall not be required.

- E. A request by the Department to modify the 2014 Transit Management Plan must be submitted in writing to the Recipient at least 28 calendar days prior to the planned implementation date of the proposed change. Within 21 calendar days of receipt of such a request, the Recipient shall respond to the Department's request. If the Recipient agrees to the Department's request, then this Grant Agreement will be modified accordingly and the change implemented.

Article XII: Department Approval of Contracts

The Recipient shall send to the Department all draft contracts between the Recipient and any private transportation provider receiving funds under this Grant Agreement. The Department shall review such draft contracts and determine their conformance with the provisions of this Grant Agreement. Upon authorization by the Department, the Recipient and the Transit System may execute such contracts.

Article XIII: Prohibited Interests

Article XIV: Termination

- A. The Department may terminate this Grant Agreement at any time that the Secretary determines that the Recipient or their subcontractor has failed to perform in the manner called for in the contract or has failed to fulfill contract obligations. Failure of the Recipient or their subcontractor to comply with the terms and conditions of its grant application and/or the provisions of this Grant Agreement shall be considered cause for termination.
- B. The Recipient may terminate this Grant Agreement if so directed by appropriate local government bodies for whatever reason such request to terminate is made.
- C. Both parties agree that notice of intent to terminate the Grant Agreement shall be made in writing through "return-receipt certified mail," at least 30 calendar days prior to the proposed termination date.

In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions

If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. the recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work.

Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:

1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.

i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient.

If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice of termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work

performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

CFDA number for the Federal Transportation Administration

A Recipient covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," agrees to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. The Recipient agrees to accomplish this by identifying expenditures for Federal awards made under Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.
