

# STRATEGIC PARTNERSHIPS PROGRAM

*Investing in our students*

**As a Franciscan Catholic institution of higher education, the value of community is at our core.** Investing in our community and the individuals who call it home is what we strive to do each and every day. Our Strategic Partnerships Program is one way we are able to build that connection and serve our community.

As a small, liberal arts college, we have the ability to meet your needs as an individual. Our flexible degree programs allow for both online and in-person learning. With small class sizes, our faculty members have the ability to truly know each and every student in their class.

Whether you are looking to finish your bachelor's degree, or are a working adult looking for that next step in your career, Silver Lake College of the Holy Family has a program to help you reach your goals.
