Subject: Resignation from Manitowoc Industrial Development Board

Good morning Paul,
I know you are aware of this, but I wanted to make it official. I am retiring from WPS the end of the year and I feel it's time for someone else to take my place on this board. It's amazing to me to think that I have been on this board for about 30 years. I have enjoyed my time serving and have seen many changes take place and I'm sure there are many more to come. Thank you. Ted
