Subject: Re: DRAFT Public Infrastructure Committee Agenda 2-6-19

I would like to add to the agenda if possible for February. I want to add discussion on adding to the pick up route for snow on south 10th street. Extending it to division street. Reason being the safety issue for parking and also the with narrow width of the sidewalk i have been receiving complaints on snow being placed back over the sidewalk.. Now i know this last storm is not usual but i think this warrants some discussion .Please let me know if we can add this. Thanks. Jeremiah.

Alderman Kummer,

Please find the attached draft agenda. Let me know if there are any changes to be made.

I did not include the request from Rhienna for the Mirro Site – Environmental Protection. I did not see a response from her to you regarding if she still wanted it on agenda. Please let me know if I should add this request.

Thank you and stay warm!
