**Subject:** External: Appointment of the Manitowoc Public Library Board

Dear Mayor Nickels and Manitowoc Common Council:

I respectfully request Mayor Nickels appoint Aaron Erdmann and Gregg Wolf to the Manitowoc Library Board to fill the two seats of current members whose terms will expire on June 1<sup>st</sup>. I also request the members of the City Council approve of these appointments.

The seats on the library board up for reappointment this spring need to be filled by NEW people who are not professional educators or administrators. The library board consists of 11 members. Over half of the members serving right now are active or retired educators or administrators. Mr. Erdmann's professional skills in accounting and military background would be a great asset to the board. As a respected businessman, Mr. Wolf's involvement in other community activities would bring a different perspective to the board.

Thank-you for the consideration.

Gene and Marilyn Weyer
