Subject: Fw: Dog Statue

Hi Sonja,

Can we add this to the July PI meeting agenda? If a representative from the requesting party is available to attend, it would be great.

John

Subject: Dog Statue

Hi John,

I had meant to ask you about this at our meeting this morning. I had a couple reach out to me asking if they could donate a metal dog statue somewhere along the blue rail walkway going out to the dog park. I pointed them in your direction as I am sure it has to go to PI Committee for consideration. I'm just curious if they reached out to you or if I should point them in a different direction?

I had met with them about a month ago just to hear them out and see what they were thinking. It looks like they would do the install, we would just have to agree to accept the donation and find a location that works. The blue rail walkway and everything out on the containment is Army Corps property, so that throws a wrinkle in this as well. Let me know what you think.

Thanks,
