Subject: Shed

Hi Jason,

The Kenny's club has informed me that they'd like to donate \$2,500 toward a shed to be placed at CP. This shed, about 10' x 12', would be used by both them and the City for storage needs related to their tournament and our baseball needs. I have attached a map that shows their site selection suggestions. Can you place this item on your next committee meeting agenda? If allowed, I'd like to see a steel reinforced vinyl shed that can be relocated if necessary. There should be zero costs to the City for this project.

Thanks ~ Jim

Kenny's Athletic Club wants to donate \$2,500.00 for a 10 x 12 storage shed for their use during the Kenny's tournament. The City will also be able to use it for seasonal baseball diamond supply storage.
