Application Review.

DNR has made a preliminary determination that the application meets state and federal air pollution control requirements and that the permit should be approved. You can review the permit application, the DNR's analysis and draft permit prepared by the DNR at the Department of Natural Resources Bureau of Air Management Headquarters, Seventh Floor, 101 South Webster Street, Madison, Wisconsin; Northeast Region Headquarters, 2984 Shawano Avenue, Green Bay, Wisconsin; Northeast Region Air Program, Oshkosh Service Center, 625 E. County Road Y, Suite 700, Oshkosh, Wisconsin; and at the Manitowoc Public Library, 707 Quay Street, Manitowoc, Wisconsin; or contact Jonathan Wright at (920) 303-5432 or by e-mail at Jonathan.Wright@Wisconsin.gov. This information is also available for downloading from the Internet at http://dnr.wi.gov/cias/am/amexternal/AM_PermitTrackingSearch.aspx.

This type of proposal normally does not have the potential to cause significant adverse environmental effects and the DNR has not prepared an Environmental Assessment of the proposal. This preliminary determination does not constitute approval from the Air Management Program or any other DNR sections which may also require a review of the project.
