12. Legal Notice

I understand the filing of this application does not ensure approval of a Special Event. I also understand that all Special Event organizers and participants must comply with all applicable City ordinances, traffic rules, park rules, state health laws, fire codes, and liquor licensing regulations. Fees for park facilities, temporary beer/wine licenses, stake and fireworks permits, and other necessary licenses and permits are in addition to the fees submitted for the Special Events Application. I further understand that an incomplete application may be cause for the denial of the event.

The undersigned agrees to indemnify and hold the City of Manitowoc harmless for any and all damage claims or personal injury claims occurring during this event. It is further agreed that all personal property of any kind brought on the premises shall be at the sole risk of the undersigned, and that the City of Manitowoc shall not be liable for any injury, loss or damage to said property or injury to any persons on the premises. The undersigned agrees to be responsible for any damage caused to said facility or equipment by mischief or negligence. By signing, I acknowledge that I have authority to bind the sponsoring organization and acknowledge that I have received, read and understand the Special Events Policy and agree to be bound by all requirements as stated in the Special Events Policy and it is hereby incorporated by reference into this signed agreement.

Subject: External: Re: Special Events Application - Lakeshore Amateur Radio Service Club Field Day

Regarding item #5.

The purpose of the event is for amateur radio operators to set up a portable radio station, antenna, and portable power supply and then make contacts throughout the United States and Canada with other amateur radio operators. A large part of amateur radio is providing back-up emergency communications to various government and non-government agencies. Lakeshore Amateur Radio Service Club's mission is for volunteer amateur radio operators to provide emergency communications to the local Nuclear Power Plants, Red Cross, Holy Family Memorial Hospital, and the City and County of Manitowoc Emergency Operations for Public Safety. We achieve this mission by providing voice, digital and email communications via radio frequency. We also have the capabilities to set up mobile and portable stations, as well as, provide real-time tracking of assets and resources. This event, Field Day, encourages amateur radio operators to practice for such situations by getting us out of our home stations and operating in the field.

The antennas that will be used are of various types. Wire antennas are usually hung from trees, vertical antennas are placed on tripods, and directional antennas can be used as well, in various configurations. None of the antennas will cause any permanent change to the environment or local vegetation.

Camping on-site provides an opportunity to operate into the late evening, and even overnight, when often times propagation is ideal for making distant contacts. It also helps the operators who participate, so they don't have to set up and then take down equipment, just to return the next day to set-up again.

Other than parking personal vehicles, we will not be using the parking lot. And we will stay clear of the disc golf course, so as to not interfere with game play.

Regarding security and medical emergencies, 911 will be used.

Regarding food and drink, nothing will be for sale, and only available for club members participating in the event. The public is welcome to ask questions, look at the radios and set-up, and even participate with the help of a radio operator. We are volunteers, and there are no fees or items for sale associated with our event.

I hope this provides the information you asked for, and I am more than happy to help with any additional questions.

John P. Hamilton
