Dear Justin & Amanda,

I would like to express my opinion on two topics. First, the direction that our library is taking. I think that the discussion on supposed White Privilege and BLM issues only enhance our division, does not promote unity. Since our library is funded by our tax dollars, I believe that we should have a more diverse library board so that some conservative views could be expressed and implemented. I suggest that Gregg Wolf and Aaron Erdmann be considered as members of the board.

The second issue is mask mandates. I won't get into a discussion on whether masks work or not, but I will say that I believe that they infringe upon our freedom. I don't think masks are something that our government should be enforcing. If private businesses want to require masks to enter their facilities, that's their right but I don't think that the government should be involved.

Thank you for listening,
Patricia LaCosse
