Use voting buttons above.

This would need PI and Finance Committee approvals.

There is about \$360k in unbudgeted currently.

Good Day All

This is the unbudgeted request for the replacement of the dump box for truck #74. This truck is used year round in the streets department for hauling debris all summer and plowing snow all winter.

The box is to the point of unsafe and we have pulled it out of service until it can be replaced. The mechanics have looked this box over in detail for repairs and the metal is so rusted away and fatigued to the point it can not be repaired any more.
