To whom it may concern,

On 2/20/2019, the county of Manitowoc plowed our sidewalks. When I received the letter and called about the fine, I was notified that they were in the area due to a complaint about the building site behind my house. I was emailed the photos, told they will shovel if they see that another house hasn't shoveled yet 24 hours after a storm has ended. While looking at the photos, you can clearly see that it is still snowing in the photos. I am a stay at home mom with two children under 3. I shovel as soon as I had the chance, and was planning to that day, but noticed that someone had done it. My husband works long hours and I am only able to shovel during nap times, which are in the afternoons most days. This was done early in the morning.

I need you to take a look at the photos again.

Thanks,

Samantha Coston
