March 31, April 1-2, 2015

Columbus, Ohio

The conference will explore progress in advancing sound marijuana policies at the local, regional, and national levels. Legislative and community norms continue to shift and it is vital to provide decision makers at all levels with the most up-to-date and evidence-based resources.

The summit will bring focus to the importance of marijuana policy reform as well as resources for making reform in your community.

Conference Objectives

- Strengthen the understanding of sound, evidence-based public policy in preventing and reducing marijuana use and its related problems.
- Provide opportunities for networking and creative exchange of ideas among key constituencies.
- Highlight innovations in marijuana policy efforts, and assist in the dissemination and replication of these innovations.
- Offer updates on key and breaking marijuana policy issues and new tools and resources available to communities seeking to promote community health.
- Consider the future of marijuana policy in the light of emerging evidence about marijuana's impact on health and changes in the U.S. political landscape.
