October 29, 2020

To: Mayor and Common Council

From: Paul Braun, City Planner

Subject: PC 36-2020: Proposed amendment of the Project Plan for Tax Incremental District No. 17 (the "District")

At the October 28, 2020 meeting of the Manitowoc City Plan Commission, the Commission recommended to the Common Council the following action:

Approve the Amendment of the Project Plan for Tax Incremental District No. 17.

Granicus #: 20-1053
Attachments: Project Plan
Manitowoc County Letter

October 19, 2020

PROJECT PLAN AMENDMENT

Tax Incremental District No. 17

(Manitowoc I-43 Industrial Park West
Silver Creek Annex)

City of Manitowoc, Wisconsin

Organizational Joint Review Board Meeting Held:	Scheduled for October 28, 2020
Public Hearing Held:	Scheduled for October 28 2020
Approval by Plan Commission:	Scheduled for October 28, 2020
Adoption by Common Council:	Scheduled for November 16, 2020
Approval by the Joint Review Board:	TBD

SECTION 1:

Executive Summary

Description of District

Tax Incremental District (“TID”) No. 17 (“District”) is a 107.70-acre Industrial District created on August 6, 2007. The District was created to:

- Provide for the orderly and attractive grouping of business park operations which, based on physical and operational characteristics, would provide long-term value to the City;
- Preserve and permanently protect the overall quality of development in the park;
- Maintain a consistently high quality of building and land uses including, but not limited to architectural and landscape design, integrated into a natural setting; and
- Limit the uses permitted to insure a high-quality environment for the growth and expansion of business and industry in the park.

The first amendment occurred in June 2012, that allowed for the sharing of excess revenue from TID 17 to TIDs 8, 11, and 12. This revenue sharing amendment has lapsed and is no longer in effect.

Purpose of Amendment

The purpose of this amendment, referred to hereafter as the Plan, the Amendment, or the Plan Amendment, is to:

- Allow excess revenue to be transferred to Tax Incremental District No. 16 (“Recipient District”) as permitted under Wis. Stat. § 66.1105(6)(f)¹. The Plan Amendment meets the following criteria necessary to allow for the transfer of excess revenue:
 1. The District and the Recipient District lie within the same overlapping taxing jurisdictions.
 2. The District is within its expenditure period, which expires August 6, 2022.
 3. The District has enough revenue to pay for all current Project Costs and has enough excess revenue to pay for eligible project costs of the Recipient District.

4. The Recipient District is a district in need of rehabilitation or conservation which qualifies it as an eligible recipient of excess revenue.

Estimated Total Project Cost Expenditures

The City anticipates making total expenditures (sharing of increment with TID 16) of approximately \$860,000 (“Project Costs”) to assist with the overall cashflow of TID 16. New project costs for TID 17 only include the revenue sharing with TID 16.

Incremental Valuation

The City does not expect that new value will result from this amendment, rather it will allow TID 16 to cashflow and closeout 3-years earlier. A portion of TID 16 was overlaid by TID 22 in 2020.

Expected Termination of District

Based on the Economic Feasibility Study located within Section 9 of this Plan, after the revenue sharing with TID 16, the City anticipates that the District will generate enough tax increment to pay all Project Costs and closeout 3 years earlier than the allowable 27 years.

Summary of Findings

As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

- ✓ That “but for” the creation of this District, the development projected to occur as detailed in this Plan: 1) would not occur; or 2) would not occur in the manner, at the values, or within the timeframe desired by the City. In reaching this determination, the City has considered:

Current and projected tax increment collections for the Recipient District will be insufficient to pay for project costs already incurred and/or the additional projects that need to be completed in the District to achieve the objectives of the Project Plan.

- ✓ The economic benefits of the District, as measured by increased employment, business and personal income, and property value, are sufficient to compensate for the cost of the improvements. In making this determination, the City has considered the following information:

This amendment is to share excess revenue with an underperforming TID. As such, this amendment will not directly lead to increased employment, business and personal income, and property value increases.

- ✓ **The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions.**
- ✓ As required by Wis. Stat. § 66.1105(4)(i)4., a calculation of the share of projected tax increments estimated to be paid by the owners of property in the overlying taxing jurisdictions has been prepared and can be found in this Plan. Accordingly, the City finds that the benefits expected to be realized as set forth in this Plan outweigh the value of the tax increments to be invested in the Project. Also, given that it is likely that the Recipient District will not achieve all of the objectives of the Project Plan without the ability to share in the surplus increments from District No. 17, the City reasonably concludes that the overall additional benefits outweigh the value of the tax Increment to be shared.
- ✓ The boundaries of the District are not being amended.
- ✓ Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.
- ✓ The Plan for the District is feasible and is in conformity with the Master Plan of the City.
- ✓ The City estimates that a small % of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period, pursuant to Wis. Stat. § 66.1105(5)(b).

SECTION 2:

Maps of Current District Boundary

Maps identifying the current boundaries of the Districts can be found on the following pages. The District's boundaries are not being amended.

TID No. 17 District Boundary Map
City of Manitowoc

 warranted. This information is not intended for legal, survey, or other related uses.
 Please obtain the original recorded documents for legal or survey information.

TID No. 16 District Boundary Map
City of Manitowoc

Prepared by City of Manitowoc
Community Development Department
Map Plotted: 9/2/2020
C:\Planning\TID\TID 16\TID 16 Map\TID16_DistrictBoundary.mxd
DISCLAIMER: Maps and associated data are believed to be accurate, but are not
warranted. This information is not intended for legal, survey, or other related uses.
Please obtain the original recorded documents for legal or survey information.

SECTION 3:

Map Showing Existing Uses and Conditions

The District's boundaries are not being amended. The "Map Showing Existing Uses and Conditions" included within the District's original Project Plan dated August 6, 2007 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 4:

Equalized Value Test

No territory will be added to the District. Demonstration of compliance with the equalized value test is not required for this Plan Amendment.

SECTION 5:

Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

No changes to Project Costs are planned. The "Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District" included in the District's original Project Plan dated August 6, 2007 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 6:

Map Showing Proposed Improvements and Uses

The District's boundaries are not being amended. The "Map Showing Proposed Improvements and Uses" included within the District's original Project Plan dated August 6, 2007 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 7:

Detailed List of Estimated Project Costs

No changes to Project Costs are planned. The “Detailed List of Estimated Project Costs” included in the District’s original Project Plan dated August 6, 2007 remains unchanged and is incorporated by reference as part of this Plan Amendment.

While not considered to be a Project Cost, this Plan Amendment provides authority for the District to transfer excess revenue to Tax Increment District No. 16.

SECTION 8:

Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes an updated forecast of the valuation increases expected within the District, the associated tax increment collections, a summary of how remaining Project Costs would be financed, and a projected cash flow demonstrating that the District remains economically feasible.

Key Assumptions

Assuming the City’s current equalized TID Interim tax rate of \$22.30 per thousand of equalized value, and no economic appreciation or depreciation, the TID is expected to generate approximately \$10,313,300 in new incremental value over the 20-year term of the District as shown in Table 2.

Notes: Actual results will vary depending on development, inflation of overall tax rates.																																																																																																																																						

Financing and Implementation

The initial projects identified in the plan are intended to be funded with the cashflow of the district and the revenue sharing. Based on the Project Cost expenditures as included within the cash flow exhibit (**Table 4**), the District is projected to accumulate sufficient funds by the year 2022 to pay off all Project cost liabilities and obligations. The projected closure is based on the various assumptions noted in this Plan and will vary dependent on actual Project Costs incurred and the actual amount of tax increments collected.

Table 3 - Financing Plan

Since no financing except the anticipated revenue sharing is to take place, the cashflows starting on Page 16 of this plan incorporate the financing plan.

Notes:

¹Includes \$200K for the City's façade grant program and \$250K for a relocation project.

Projected TID Closure

SECTION 9:

Annexed Property

A tax incremental district cannot include annexed territory unless at least three years have elapsed since the annexation, or certain other requirements are met. No territory is being added to the District as part of this Plan Amendment.

SECTION 10:

Estimate of Property to be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the City estimates that a percentage less than the allowed 35% of the territory within the District, will be devoted to retail business at the end of the District's maximum expenditure period.

SECTION 11:

Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and City Ordinances

Zoning Ordinances

The proposed Plan Amendment is in general conformance with the City's current zoning ordinances. Individual properties may require rezoning at the time of development. Land within the District zoned industrial at the time of District creation will remain in a zoning classification suitable for industrial sites for the life of the District.

Master (Comprehensive) Plan and Map

The proposed Plan Amendment is in general conformance with the City's Comprehensive Plan identifying the area as appropriate for industrial development.

Building Codes and Ordinances

Development within the District will be required to conform to State Building Codes and will be subject to the City's permitting and inspection procedures. The proposed Plan Amendment conforms to all relevant State and local ordinances, plans, and codes. No changes to the existing regulations are proposed or needed.

SECTION 12:

Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should the continued implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 13:

How Amendment of the Tax Incremental District Promotes the Orderly Development of the City

The original Plan hasn't changed which promotes the orderly development of the City by creating new industrial sites providing necessary public infrastructure improvements, providing appropriate financial incentives for private development projects. Through use of tax increment financing, the City can attract new investment that results in increased tax base. Development will occur in an orderly fashion in accordance with approved plans so that the Projects will be compatible with adjacent land uses. Development of new uses in the District will add to the tax base and will generate positive secondary impacts in the community such as increased employment opportunities.

SECTION 14:

List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. Examples of non-project costs are:

- A public improvement made within the District that also benefits property outside the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- A public improvement made outside the District that only partially benefits property within the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- Projects undertaken within the District as part of the implementation of this Project Plan, the costs of which are paid fully or in part by impact fees, grants, special assessments, or revenues other than tax increments.

No improvements to be made within the District will benefit property outside the District. Furthermore, there will be no improvements made outside the District that will only partially benefit the District.

SECTION 15:
Legal Opinion Advising Whether the Plan is
Complete and Complies with Wis. Stat. §
66.1105(4)(f)

SAMPLE

Mayor
City of Manitowoc
900 Quay St
Manitowoc, Wisconsin 54220-4543

RE: Project Plan Amendment for Tax Incremental District No. 17

Dear Mayor:

Wisconsin Statute 66.1105(4)(f) requires that a project plan for a tax incremental financing district include an opinion provided by the City Attorney advising as to whether the plan is complete and complies with Wisconsin Statute 66.1105. As City Attorney for the City of Manitowoc, I have been asked to review the above-referenced project plan amendment for compliance with the applicable statutory requirements. Based upon my review, in my opinion, the amended Project Plan for the City of Manitowoc Tax Incremental District No. 17 is complete and complies with the provisions of Wisconsin Statute 66.1105.

Sincerely,

City Attorney

Office of the County Executive

Bob Ziegelbauer, County Executive

October 28, 2020

City of Manitowoc Plan Commission - Public Hearing on TIF 17

Commissioners,

I am opposed to this proposal to transfer \$861,000 from TIF District 17 to TIF 16 for the following reasons.

1. Page 16 shows a current cash flow sheet for TIF 17. It is “cash positive”. All the expenses are covered. TIF 17 should be closed now. (I’ve attached the pages 16 and 18 from the “Ehlers” report of 10/14/2020 to be of reference.)
2. Page 18 shows a current cash flow sheet for TIF 16. It shows that by the end of its normal life, TIF 16 will only be a few dollars from being “cash positive”. The cash flow statement shows it as a very small deficit, well within the “margin of error” or “rounding”. The cash flow sheet is not showing ANY increase in the increment for the next 10 years. If any additional new or remodeled building is constructed in the coming years in that district, it will turn cash positive too.
3. The City doesn’t need to do this. **When TIF 14 was used to divert \$769,000 to TIF 15 in 2018, the City promised us that they would not do this again.**
4. TIF 16 does not need bailing out. Current projected tax increment collections for the Recipient District **will** be sufficient to pay for the project costs.

Taxpayers will be hurt by this. The City of Manitowoc taxpayers will be taxed extra to fund TIF 17 longer than is needed. The LTC taxpayers, the Manitowoc Public School District taxpayers, and the Manitowoc County taxpayers will also be taxed more because the TIF 17 District increments won’t be available to them. TIF 17 should be shut down as soon as possible.

The City budget is advertised as a property tax cut for next year. But the reality is that the City taxpayers will be charged an extra tax to fund the TIF 17 district that should be closed now.

TIF is not free money. It’s Taxpayers’ money.

Thank you for considering my input.

A handwritten signature in black ink that reads "Bob Ziegelbauer". The signature is written in a cursive, flowing style.

Bob Ziegelbauer
Manitowoc County Executive
