Ald. Schlei and Amber:

Janet DePirro from Lakeside Foods is requesting the City to install "No Parking" signs on the south side of Quay St. from the east side of their loading docks to the west side of S. 5th St.

I have attached the existing No Parking Ordinance for Quay St. and a map showing the proposed location for the new No Parking Zone.

Can we add this request to the June 14th Public Safety Committee Meeting Agenda? Thanks.

See below. Sounds like it's already a no parking area, so does this need to go to committee or can we just do?

Subject: External: No Parking Signs - Quay Street

Good Morning Dan,

I am inquiring about the addition of a few more "No Parking" signs on the south side of the road on Quay street in front of our large truck scale. In recent years, we have seen an increase of parking on the road just to the north of our dock loading area on Quay street. There were a number of instances last year where we had to send management across the road to the Wharf to track down the vehicle's owners to have the car moved. Staff at the Wharf have been absolutely accommodating in helping us find owners when we have issues. We would like to see if we could get some additional "No Parking" signs to eliminate the issue as much as possible.

I would be happy to meet with someone whenever possible to give some more detail in what we are looking for and what our problems are. If you are not the correct person to submit this request to or if there is a form to fill out, I would appreciate guidance in who and how to submit this request to.

Thank you,

Janet De Pirro | General Manager
