

MANITOWOC Skatepark Expansion Project

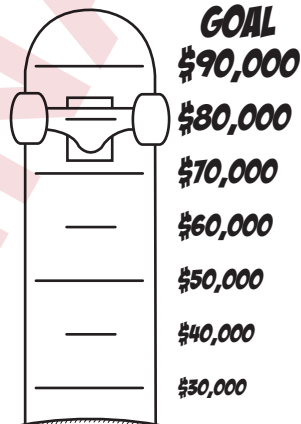

We want to provide a better place for wheeled sports enthusiasts to ride in Manitowoc. We need your help!

Since its construction in 2005, riders of all ages have enjoyed skateboarding, biking, and rollerblading at the skatepark at Dewey Street Park in Manitowoc.

As lucky as we are to have a place in our community for riders, there's plenty of room to improve and expand our skatepark. The illustration below shows the current ramps (grey) and a concept for expanding the park (black).

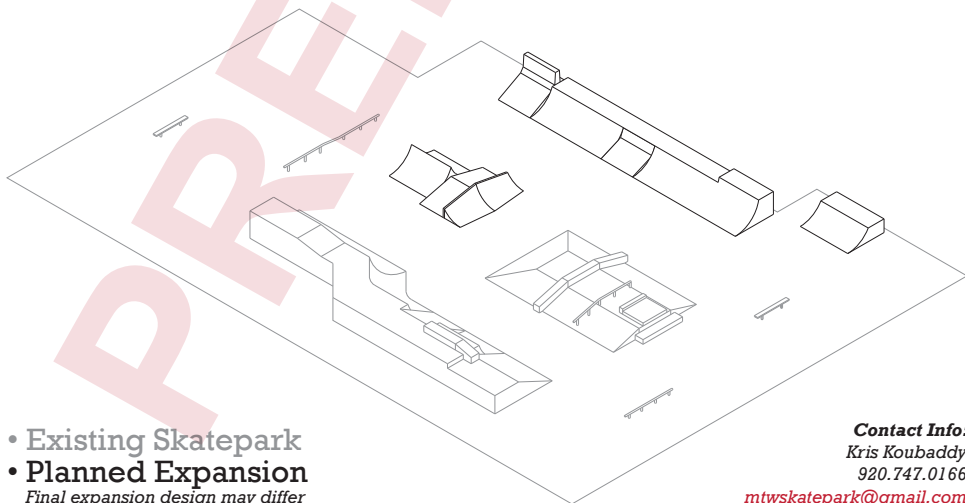

Our goal is to raise \$90,000 to complete the expansion. You can see our progress as it is tracked on the "Park-spansion-O-Meter" to the right!

Please consider a tax deductible donation. Your gift will improve the skatepark and our community!

PARK-SPANSION-O-METER

Make checks payable to:
City of Manitowoc - Parks Department

- Existing Skatepark
 - Planned Expansion
- Final expansion design may differ*
