Visu-Sewer is pleased to provide the following quotation for CIPP installation:

Install approx. 84 L.F. of 12" National Liner @ Lump Sum \$ 23,940.00

The above listed price is based on partial video inspection and a site visit. Pricing assumes the current condition of the host pipe is suitable for CIPP installation. Pricing includes:

- Labor, material, and equipment
- Mobilization and traffic control (cones and signs)
- Light cleaning, root cutting, and televising of sewers prior to installation of liner
- Installation of a fully structural CIPP liner with styrene free resin
- Installation of National Liner per manufacturer's instructions, ASTM 1216
- Televising of sewers after installation of liner

The City of Manitowoc will need to provide equipment access to all manholes, water from nearby hydrants (without charge), a dump site for any captured debris, any traffic/pedestrian control required beyond cones & signs, and the removal of the wooden fence at the downstream MH. If needed, grouting of active leaks and/or heavy cleaning will be quoted separately. Visu-Sewer will take all precautions possible but will not be held responsible for landscaping or restoration. Thank you for the opportunity to quote on this project. Please do not hesitate to call us at 262-695-2340 if you have any questions.
