Dear Chad,

As per our phone discussion on 3-26-15, we will build a new 6' x 10' Port-A-Pier shore mount with a 6' wide x 16" long wheel chair access plate secured on the Schuette Park shoreline connected to a modified existing 6' x 30' gangway with hand railings that's currently at Brussels. The new Kayak Launcher connects to the water end of the gangway. This system allows for water level changes but can be moved if needed by removing four, 2" augured galvanized pipes. The kayak Launcher and the gangway need to be removed during the winter months. The secured Shore Mount should be removed if the water level raises and is touching its frame. We will exchange your existing 4' x 40' and 4' x 20' floating Port-A-Pier sections for our existing 6' x 30' gangway section next week if possible.

Total cost for Kayak Launcher, shipping and installation \$15,011.00

Sincerely

Rick Paulson
