Dear Wisconsin Fire Departments,

The Wisconsin Smoke Alarm Fire Education (WisSAFE) Coalition is pleased to announce all 122 fire departments that applied will be receiving free smoke alarms for their community. This has been an incredible opportunity to unite the Wisconsin fire service for fire prevention and education. We are grateful for the American Red Cross for providing the smoke alarms needed to make this statewide program successful. Please check the attached list to see if your department is listed, please report any discrepancies as soon as possible.

WisSAFE and the American Red Cross are committed to making this a permanent program in Wisconsin. Every six months we will be offering free smoke alarms to Wisconsin Departments to install in the communities they serve. The first round of smoke alarms will be offered February 1st for an April 1st delivery and the second round of smoke alarms will be offered August 1st for an October 1st Delivery.

This round of smoke alarms will be delivered as close to April 1st, 2016 by the American Red Cross. Please provide contact information and helpful information for coordinating delivery to smokealarms@WisSAFE.com.

Helpful information for smoke alarm delivery may include:

- Delivery address. (If different than listed on the attached spreadsheet or address listed as a P.O. Box)
- Name, Phone, and Email of person to coordinate daytime delivery with. (If fire station is not staffed)
- Special Instructions or Requests (we will do our best to accommodate)

We are very pleased with the success of this program and appreciate everything Wisconsin fire departments do to protect the lives and property of the inhabitants of Wisconsin from the devastating effects of Fire. We will do our best to accommodate late requests and requests for more smoke alarms than listed. For more information and resources go to www.WisSAFE.com. Please contact us with any questions.

Sincerely,

Glenn Linzmeier
