Subject: RE: No Parking Request

Alderman McMeans,

I'll take this one for Kelly.

Chief, could you check and see any accidents at the corner of S. 10th and Division over the years?

The request is to simply eliminate on street parking in front of 2-3 residences. It shouldn't have any impact whatsoever on available parking in the area, but to simply make that intersection safer for vision.

If you need anything else, let me know.

Thanks.

-Justin

Subject: No Parking Request

Alderman McMeans,

I have a request from Kelly Green who lives on S. 10th Street between Division and Manila.

He is requesting that NO PARKING be expanded on S. 10th Street a bit further than it currently is. As I am sure you know, this is the portion of S. 10th that curves a little bit, and also has a large incline/decline. The added stress of Lincoln High School in this area makes the intersection at 10th/Division interesting at times.

Kelly would like to speak with the Public Safety Committee for his request and is willing to provide more reasons why he is asking for this change.

I added him to this e-mail chain.

Thanks for your consideration!
