Chief,

1. Nice to hear from you, you would be looking around 2.1 million and up, depending on the option you choose.
2. Please let me know if you have any other questions.

Thanks,

Jamie

Subject: Tower Ladder

Jamie;

I'm looking for some assistance please. What would a quote be for the Apollo Tower Ladder if purchased in 2024-2025. No great detail other than educating my finance people of current market and lead times.

I appreciate greatly.

Regards,

Todd
