**Subject:** Waste water treatment board

CONSENT

Brian,

Please pass along to the board my resignation from this position effective September 6th. The reason is as of September 6<sup>th</sup> I will no longer have an interest in the operations of the facility. Since I do not live in the confines of the city and have accepted a position outside of the city of Manitowoc I will no longer meet the requirements for being part of the board.

I enjoyed my brief time on the board.

Steven Brunner  
Environmental, Health and Safety Manager
