Subject: Request for Sanitary Sewer Extension on N. Rapids Rd. - South of Fleetwood Dr.
Attachments: Request for Sanitary Sewer Extension on N. Rapids Rd..pdf

Here is the request letter for the City to extend sewer and water on N. Rapids Rd. from Fleetwood Dr. to the south (1500 Block).

We will be taking this item to the next PI Committee Agenda to see if they want us to install these facilities and whether it would be in 2018 or 2019

We did not have any money in the 2018 budget for this sewer extension.

Dear Mr. Minkel,

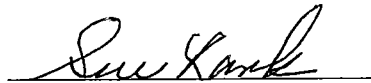

I am inquiring about the feasibility of extending city sewer and water service to my residence at 1526 North Rapids Road.

In a communication from Manitowoc County Planning and Zoning Department, I have been advised that my current septic system is failing and needs to be replaced by December 1, 2018.

Due to the expense of this replacement, and as current city service ends less than 500 feet north of my property, I am requesting information on the possibility of the city extending service to my residence.

I may be reached at 682-9643 for questions and/or feedback to my inquiry, or to the address below.

Cordially,

Sue Rank
