Jim Brey-Chairman licensing, permits and Inspections Committee
City of Manitowoc

Re: Manitowoc Public Utilities Commissioner position

September 18th 2014

Mr. Brey: I respectfully submit my name for the position of Manitowoc Public Utilities Commissioner. I feel with my utility experience, along with my education and current career responsibilities, becoming a member of the MPU Commission would be a natural fit to be able to give back to the citizens of Manitowoc and the ratepayers of the Manitowoc Public Utilities.

Please contact me to further discuss my experiences as they relate to this position.

Best Regards,

Brian L Rasmussen

OBJECTIVE

To serve the City of Manitowoc along with the ratepayers of the Manitowoc Public Utilities in the best way possible to ensure the continued success of our city owned municipal utility company.

EDUCATION

Bachelor of Applied Science in Energy Management
Bismarck State College, Bismarck North Dakota
Graduated 2011

Presidents Honor Roll last two semesters. Area of study includes the following:

- Project Management
- Government Regulations in the Energy Industry
- Energy Production and the Environment
- Organizational and Supervisory Management
- Human Resource Management
- Utility Accounting

Associate of Science in Journey Worker Studies (Electrical)
Lakeshore Technical College, Cleveland Wisconsin
Graduated 2001

State of Wisconsin Indentured Industrial Electrician
Lakeshore Technical College, Cleveland Wisconsin
Graduated 2001 (4 year Apprenticeship)

EMPLOYMENT

2013-Present

Facilities Manager

Aurora Health Care

Aurora Medical Center of Manitowoc County

Responsibilities include managing a staff of six caregivers, budget authority for three departments along with being the Site Safety Officer and Chair of the Environment of Care Committee. I also work as Project Manager during construction projects onsite. We also provide manager level support to our Medical Office Building, Surgery Center and Rehabilitation Center.

1988-2013

Electrical Technician

Manitowoc Public Utilities

Duties included maintaining electrical and mechanical equipment in all departments of the utilities. Provided maintenance planning for plant and equipment shutdowns, repairs and outages. Provided support and interacted with American Transmission Company personnel, start-up engineers, and support staff within the MPU territory. I worked in operations, maintenance, shift work and relief shift duties to ensure the safe operation of all boilers and plant facilities on a 24/7 basis.

PROFESSIONAL MEMBERSHIPS

Wisconsin Healthcare Engineering Association

National Fire Protection Association

COMMUNITY INVOLVEMENT

The Chamber of Manitowoc County

Transportation Coordinator for Thunder on the Lakeshore Airshow
