This is actually going to be an Unbudgeted request. We were going to add it to the EOL list for 2023, however the unit needs immediate replacing, but has not been list as EOL, so it is not eligible for that process.

This will need to go to Public Safety and Finance.

If we could do now it would be best.

1. Price currently
2. We have a ambulance currently without a cardiac monitor.

Thanks! One question, can we list this for 2023 and purchase in January or is this something we need now?
