Ms. Erdman,

At this point, our office will reach out to the involved departments and gather documentation, then make a recommendation to the Finance Committee because your prayer for relief exceeds \$5,000. Their next meeting is set for January 7, 2020.

Kathleen,

Thank you for getting back to me so quickly. A signed copy with the bottom portion of the form has been dropped off today.

Please let me know wha the next step is and approximately how long it takes.

Thank you,

Marianne Erdman

Ms. Erdman,

I received your Notice of Circumstances of Claim. Before I can take any action, a signed copy will need to be filed with the Clerk, which can be done in person or via mail. If you're intending to seek immediate relief at this point, rather than put the City on notice, you will also need to complete the bottom portion of the form.

Kathleen,

Following are before and after photos of the hedge. Attached are copies of the estimates.

Jerry at Lakeland also sent a revised estimate via email as follows:

Staggering the plants would not change the number of plants. It would widen the planting bed a bit which would require more mulch and topsoil than a straight line planting. The cost to do 6' plants would be \$2,912.00 plus tax of 145.60 (\$3,057.60).

Please let me know if you need any additional information. I can be reached via email or 920-6841365.

Thank you.

Marianne Erdman
