Please note we do not have any pedestrian accidents for the last 5 years on Paul Rd in any block. That is as far back as we looked.

Subject: Sidewalks - PS Last Night

Hello!

At PS last night, the Committee directed City Staff to review whether requiring sidewalks on the east

side of Paul Road is “necessary for the public health and safety.” We are to then report to the Board of Public Works, which will make a determination.

As we have done in the past, please review pedestrian accident data for the area (PD) and any DPI-related concerns our great engineering department may have. You can simply reply to this email and we can attach the email to the Board of Public Works Agenda. We plan to put this on the BPW Agenda 4/30 or thereafter.

Thanks!

Eric Nycz
City Attorney
