Please add to August PI agenda

On Jul 23, 2018, at 3:51 PM, Greg Minikel <[gminikel@manitowoc.org](mailto:gminikel@manitowoc.org)> wrote:

I called back Melissa and told her that I would suggest that we put this request on the August 1<sup>st</sup> PI Committee meeting agenda and let the Committee discuss it.

This if the first time that I can ever remember getting a request for a street light in an alley. I could not remember if there were even any streets lights in the alleys at all.

So, I looked at the MPU lighting map and the alleys in this area do have street lights, but most seemed to be on the main north/south run and the lights are located at the 2 alley intersections and one in the middle of the N/S alley.

Perhaps, the thought back in the day was that the street lights from the main streets would shine light on these stubs that come out to N. 5<sup>th</sup>, N. 6<sup>th</sup>, Lincoln Blvd. and N. 8<sup>th</sup> St. However, there are a lot of trees in this area of the City, so I would guess that these alley stub (east/west) sections may be pretty dark.

Good morning,

Melissa Kersten called to request a street light be put on the utility pole in the alley between 954 & 948 N 5<sup>th</sup> street. She said there have been a number of break ins and it's very dark and unsafe.

Please return her call at 920.629.1379

Thanks!
