Hello,

In reference to our earlier discussion, attached are four photos from every point of view, while coming to the intersection of South 15<sup>th</sup> street and Madison Street. There was not a lot of people at the bar tonight, but there were some cars parked near the intersection. There is no signs for "No Parking from here to corner" on any of the corners of the intersection. If stop signs are decided to benefit the intersection, my recommendation would be to put them on Madison street for WB/EB. The intersection to the north has them on Columbus Street for EB/WB traffic. South 15<sup>th</sup> Street then comes to a T-intersection at the elementary school. Let me know if you have any further questions.

Thank you,  
Lt. Hill
