**DATE:** September 11, 2019  
**TO:** Personnel Committee  
**FROM:** Jessie Lillibridge, HR Director  
**RE:** Compensation Review for Municipal Court Judge

---

Based on the data that I've been able to collect and review, it does appear that Manitowoc's judicial caseload is on the high side compared to other municipalities. It also appears that our Municipal Judge compensation falls below other municipalities.

My recommendation, based on this data, is that the compensation could be increased. I feel that the Judge's recommendation of a 20% increase over the course of the next election term would be appropriate.

I've included the data that I've been able to gather for your review and consideration.

Please let me know if you have any questions.

Thank you.
