Subject: building permit fee waived
Reply-To: <amy@frickeprinting.com>

Hi Jim...

The Friends of the Manitowoc Family Aquatic Center Board are asking the city of Manitowoc to waive the fees for the building permits for the construction of the Miniature Golf course. The Miniature golf course will be a gift to the city of Manitowoc from the Friends of the Manitowoc Family Aquatic Center Board.

A special note...from our conversation on Monday at the council meeting, there was permission granted to move the fence at the aquatic center and put the underground electrical in for the miniature golf course. This will be done the week of May 12th-May 16th. This process will need to be complete before the aquatic center is filled with the water for season 5 of the facility.

All insurance papers on the miniature golf construction company and sub-contractors have been submitted to the city Engineering and attorney.

If you have any question please let me know

Thanks Amy
