

Here is the information from the Vendor for the price of purchasing a doe . This is the same vendor that we have used in the past for the buck that we purchased

Morning Kathy,

Was just thinking about you guys me and my dad were wondering how the buck was looking? Yes would have yearling doe for you shots and delivered \$750 if that sounds ok. As far as a back up vet I really like Northeastern veterinarian clinic from Denmark Dr. Rick very very smart when comes to the whitetail.

Thank you Dave
