Sure,

Sonja can you please put on proposed agenda?

I have received this complaint multiple times of the snow dump area being abused by kids/people. Randy, I'm sure that you can attest to this as well from grading it.

Dan,

Could we bring this to PI Committee and recommend that a gate be install at the top of the hill so that general public could not get down here to vandalize, dump trash, and tear up our graded lot?

FYI: we will not place a trash can here, it would be abused for personal garbage.

Ron DeMark, 682-0202, (the gentleman who volunteered to pick up garbage at the MI Ave snow dump this week), is suggesting that you place garbage cans for the fishermen at the site, so they have somewhere to put their garbage instead of throwing it on the ground. Ideally, he would like that the area be chained off, so that vehicles could not make ruts there and so that people would hopefully not use the area as a dumping site.
