Sonja

Can you add DPW Fuel pump repairs and possible replacement on the PI agenda

I'm in the process of getting pricing on repairing the underground wiring that feeds the pumps at the DPW shop was broken by the frost this winter. We will also be getting Quotes to replace the pumps due to their age and the availability of repair parts is becoming nonexistent. The quotes will be broken down by DPW, TRANSIT, PARKS, replacement per fuel station and wiring repairs only.

Thanks
