Amber,

You can add it to the agenda and we will just recommend to the Committee that we will try to do traffic calming measures at S. 9th and Summit during the road reconstruction. Thanks.

If I remember correctly when Simon Sparks attended the meeting he stated the real issue is S. 9th St. and Summit St. so the two intersections you are talking about in your email were lumped in one conversation. You had mentioned the possible reconstruction of the area during the last meet and if that is the case we should place the item back on the agenda to close out the file. If you are okay with that I will add it to the agenda. Please let me know.

Please add:

Discussion and possible action on adding a 4-way stop at the intersection of Dewey and 9<sup>th</sup> Street.

Please let Simon Sparks know when/where the meeting will be since this is his request:

Thank you.
