

**Chad,**

Attached is an updated quote for a 310HL SL Tractor loader backhoe for the City of Manitowoc at the Evergreen Cemetery. What is different from this quote is that it is complete with factory freight, set up / pre delivery inspection, and delivery charges to Manitowoc. This quote also contains 2 backhoe buckets a 24" and a 36". I don't believe it was asked but I also had our used equipment manager put a trade in value on the John Deere 300D as well, it is listed on the quote and you can exercise that option if you choose or pass, it is completely the City of Manitowoc's decision.

Please look over the quote and if you or anyone has any questions please don't hesitate to call or email me.

### **Sourcewell Information:**

We do a lot of Municipal sales with Sourcewell, in the last year and a half it has changed, previously the purchase had to be done to or thru Sourcewell, now it is a matter of referencing your Sourcewell ID number on any purchase order paperwork. I attached a couple of link's and videos to Sourcewell below that will hopefully answer your questions.

### **Sourcewell (formally NJPA) website home page:**

<https://www.sourcewell-mn.gov/>

**City of Manitowoc Sourcewell ID #: ID# 32517**

**John Deere Sourcewell vender #: #032515-JDC**

### **Sourcewell Video how do I make a Purchase:**

<https://www.youtube.com/embed/Kek4EPcWtnI?rel=0&autoplay=1>

### **Sourcewell webpage link to How it works:**

<https://www.sourcewell-mn.gov/cooperative-purchasing/how-it-works?domain=njpacoop.lightning.force.com>

**Chad,** again please email or call me with any questions, Thank you for your consideration
