Union Park Canon Project

The Manitowoc County Civil War Round Table has completed the first phase of the Union Park Canon Project. We have decided to wait until 2019 complete the last part of the project. This would be the installation of a 25' foot flagpole on the grassy area just behind the canon.

As with the 25' foot flagpole that the Manitowoc County Civil War Round Table installed at the Grand Army of the Republic site at Evergreen Cemetery several years ago, the Roundtable will once again take complete responsibility for the upkeep and maintenance of the flagpole at Union Park. To include, that an American flag in good condition is always flying on the flagpole and that the flag will always be lit with solar powered lights similar to those installed at Evergreen Cemetery. If there is a problem with the last phase of this project, please give me a call at 682-0235.

Once again the Manitowoc County Civil War Round Table would like to thank you for allowing us the opportunity to serve the City of Manitowoc and the soldiers from this county that served in the American Civil War.
