RE: 2021 Safe Drinking Water Loan

The Wisconsin Department of Natural Resources has awarded the City of Manitowoc a Safe Drinking Water Loan (SDWL) for \$3,749,571 with a principal forgiveness of \$500,000. This loan will allow the City to install municipal water to properties with detects of VOCs above enforcement standards.

We recommend the City accept the Safe Drinking Water Loan. It is the most cost effective long term solution.
