Application of the City of Manitowoc, as a Water Public Utility, for
Authority to Construct a Water Main Extension Project Outside the City
of Manitowoc's Corporate Limits, Manitowoc County, Wisconsin

3320-CW-115

NOTICE OF PROCEEDING

THIS IS A PROCEEDING to consider the May 18, 2020 application of the City of Manitowoc, as a water public utility (applicant), for authority to construct a water main extension project outside the City of Manitowoc's corporate limits, Manitowoc County, Wisconsin, at a total estimated cost of \$2,810,000. The Commission opens this docket by its authority under Wis. Stat. ch. 196.

The proposed water construction project that is the subject of the application includes the installation of new water main and water services to properties outside the City of Manitowoc's municipal boundary. The project would extend water service to properties that currently obtain potable water from private water wells. The applicant reports that private water wells in the project area are contaminated, or are under imminent threat of contamination in excess of maximum contaminant level standards included in Wis. Admin. Code ch. NR 809. The applicant reports that contamination of the private wells is a result of the City of Manitowoc's historic dumping of chlorinated solvents.

This is a Class 1 proceeding as defined in Wis. Stat. § 227.01(3)(a).
