We, Shoot The Bull, are formally requesting, from the city council, if the following could be achieved. We would like to clean up our outside area (seen now from 8th street) and turn it into an outside Beer Garden to be enjoyed by our patrons during the spring/summer/fall months of the year. We do not want any change to happen with our current license.

The back parking lot area is what we would be turning into the Beer Garden. Customers would have access to the bar through the alleyway running along Shoot The Bull. Currently there is a 4 foot metal fence that runs along 8th Street between Natural Market and Darcy Woo. We plan to put a privacy fence (if needed) along 8th street. We plan to dig up the old gravel, dirt and replace with grass and put a sitting area outside, outside games such as bean bags, washers and/or horseshoe pits. This would be a permanent thing.

We have supplied a drawing as to where this would be located and also pictures from Google Maps to give you a better idea as to how and where would like this.

Thank you,
Nicole Kranz
