**To:** Rochelle Blindauer  
**Subject:** Re: Mobility Manager

We've reviewed the job documentation provided for the Mobility Manager and have applied our job evaluation system to the position. While the job documentation wasn't tremendously detailed, our conversations have led us to believe this position is comparable to a Transportation Coordinator position found in many County Aging/ADRC departments. Based on our review—and comparing it to similar positions—we recommend placement at a Grade F.

Please contact me with any questions.
