Manitowoc Fire Rescue Department

Memo

To: Alderman Bill Schlei
From: Chief Blaser
Date: June 29, 2022
Re: Unfunded budget request

The unfunded request for the battery-operated extrication equipment is a result of an unexpected failure of our current hydraulic system on our primary rescue response apparatus.

Due to new technology of battery-operated extrication equipment; hydraulic equipment is becoming obsolete. The change in the industry technology has caused for us to go with the battery-operated extrication equipment with a current standard of a lifetime guarantee.

Thank you in advance for your consideration.
