I have a request from a citizen for a stop sign. I cc'd him in this e-mail so he can be invited to the meeting if this is added to the agenda.

"The speeding is still going on. From flambeau st down 9th street there are over 8 blocks before a stop sign. We have cars speed past our house every night, they get faster the later in the night it gets. Hope you can help. How much are stop signs? Or is that a huge project. If a stop sign went in at the intersection of 9th and dewey that would make them slow down."
