MANITOWOC PUBLIC UTILITIES

1303 South 8th Street P.O. Box 1090 Manitowoc, WI 54221-1090 920-683-4600 FAX 920-686-4348 www.mpu.org

(FOR PRIVATE DEVELOPMENTS AND/OR SUBDIVISIONS ONLY)

Dear Petitioner:

Attached is a "Water Petition" for installation of the watermain in a regularly platted real estate development or subdivision in the city of Manitowoc. Your signature on this document indicates that you have agreed to pay the total cost of the construction including payment for developing drawings by a professional engineer; and MPU's cost for reviewing and approving the drawings, record keeping and administrative costs, an on-site inspector during construction and tapping watermain at MPU's actual cost.

Furthermore, developments and/or subdivisions abutting all public road right-of-way shall be subject to watermain assessments for future watermain installed in said road right-of-way.

The construction of the watermain can begin only after the Petition is approved by MPU and the drawings are approved by MPU and Wisconsin Department of Natural Resources. The contractor installing the watermain is subject to approval by MPU.

Before making a tap on the watermain to install a water service, the developer is required to have an approved tapping permit. Only MPU employees are allowed to complete a tap on the watermain.

MPU will be happy to assist you in any way to make your development as convenient and trouble free as possible.

If you have more specific questions concerning this petition, please call me at (920) 686-4354.

Sincerely,

Robert Michaelson, P.E.
Water System Manager
