"The Lakeshore Area's growth and prosperity have long been enhanced by the charitable gifts of many generous people who have given back to their communities. Today, that spirit continues through the work of Lakeshore Community Foundation. In partnership with philanthropic clients, your community foundation will help to assure that our communities continue to grow and prosper."

- "A Giving Guide" Lakeshore Community Foundation

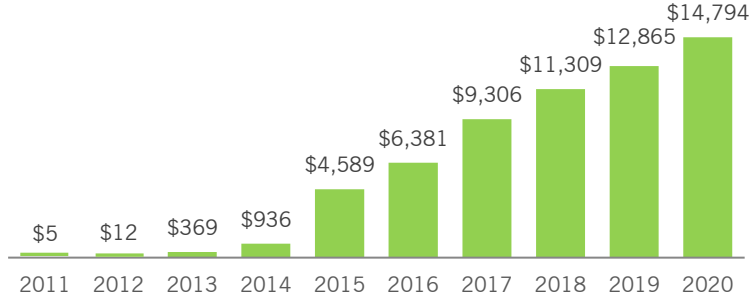

Lakeshore Community Foundation offers the people of the Lakeshore Area an easy and effective way to support their favorite charities now and forever.

As a tax-exempt, public charity, the Foundation accepts a variety of gifts and designs charitable accounts for clients with a variety of philanthropic interests. Each client account has its own identity and charitable purpose. Each client account benefits from pooled investments to create a perpetual community resource. Each client account makes grants for purposes specified by its client. Over time, investment proceeds increase the value of each client account and the cumulative impact of its grants.

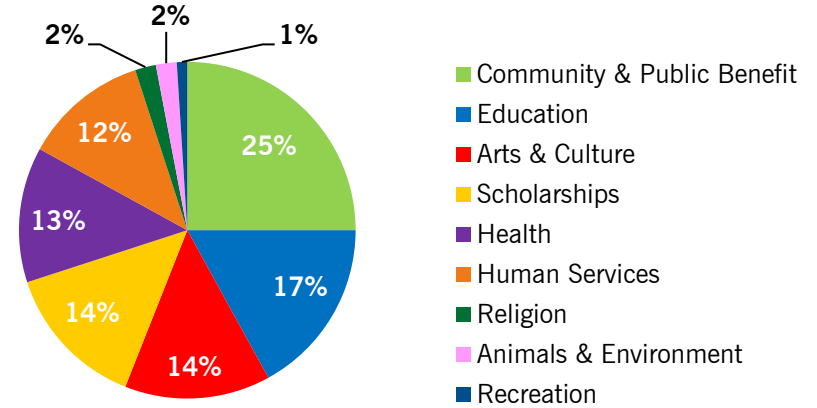

Although gifts and philanthropic interests may vary, the generosity and foresight of each client reflects an enthusiastic commitment to improve our communities for future generations.
