Sonja Could you please schedule me some time with The Public Infrastructure Committee. I would like to share the wrong way traffic, excessive speed , poor visibility at the intersection with Franklin Street issues with them. Hopefully the committee would consider making some changes in the interest of public safety! My cell number is 920-323-0564. I look forward to hearing from you, Thank You for your time and info you provided in our phone conversation. Was much appreciated!
