Is the city willing to apply for funding from the SIB to cover the matching funds? I don't know a lot about it but the idea of a low interest loan amortized over an extended period is appealing. If that isn't an option could we explore the possibility of the city covering the match and LMC paying our portion via an increased lease amount? I realize these questions will likely involve the mayor and others, so let me know if we should setup a time to meet in person or over the phone. Thanks.
