Subject: Request to Remove No Parking Signs on Marshall St. & S. 15th St.
Date: Monday, September 09, 2019 8:46:11 AM

Mike & Amber:

Can we add this request to the October Public Safety Comm. Agenda? Thanks.

Subject: FW: No Parking Sign

Greg,

See the request below. I believe that this would have to go to Public Safety. I have not looked at the site to see what this may do to the intersection.

Hi Chad,

It's directly in front of the St. John's church that Grow It Forward now owns.

When we have our winter farmers market and other special events, we are wanting to open up additional off-street parking around the facility, especially parking that is closest to our main entrance.

Thank you for taking time to look into this matter.

This is me, however I can't change anything without it going to committee. I will forward your request to Greg M and he can place it on the Public Safety Committee agenda. We will let you know when they meet next if you want to attend.

I am assuming that this is No Parking for vision clearance and it may need to stay that way. The ordinance states: (e) On the south side of Marshall Street from the west curblineline of South 15th Street for a distance of 149 feet to the west.

What is the reason that you would like to allow parking?

Hi Chad,

I'm just checking in to see if this is something in your department, or if there's someone else I'd reach out to?

Hi there,

On the south side of Marshall Street, at 1501 Marshall (directly in front of Grow It Forward's headquarters) there is a large utility pole with a "No Parking" sign.

Could that be removed? Or is there some reason it's No Parking there? I think the rest of the signs on Marshall list the winter parking rules.

Does this have to go to a committee?

Thank you.
